☎ +91 9488589436
🌐 /in/rekha-shree-074844140

Skills

Machine Learning Algorithms

Linear Regression Logistic Regression
Naive Bayes Support Vector Machines
Decision Tree Random Forest
Hierarchical Clustering K-Means

Deep Learning Algorithms

Artificial Neural Network (ANN)
Convolutional Neural Network (CNN)
Recurrent Neural Network (RNN)
LSTM Autoencoders

ML/DL Frameworks

Tensorflow Scikit-Learn

ML Basic Libraries

Numpy Pandas

Programming Languages

Python C

Data Visualization Libraries

Matplotlib Seaborn

SAP Technologies

SAP ABAP HR SAP HANA

Educational Background

B.E – Computer Science

Sri Sai Ram Institute of Technology, Chennai
2015–2019 7.8 CGPA

Higher Secondary

Vidhya Nikethan Matric Hr Sec School
2013–2015 92%

About Me

Enthusiastic forward-thinking professional, currently excelling as an SAP ABAP Developer; and actively pursuing a transition into a Data Scientist role; possess a strong foundation in designing, developing and optimizing HR and Supply Chain Management applications within the SAP environment. Eager to contribute and learn more in machine learning / deep learning to solve business decisions.

Professional Experience

IBM India Pvt Limited | SAP ABAP Developer

Jun 2019 – Present

Project name: Campbell's Soup –SAP Integration RFPI

Client: Janus – Snyder's Lance | Oct 2019 – Jun 2020

Snyder's Lance is a Consumer products industry owned by Campbell's Soup aiming to integrate their system into SAP Environment. As an ABAP developer, I designed, developed and tested few RICEFW items like Deployment Picklist, Shipping Label. Further contributions like Documenting TSD / UTP, Fixing defects, Support project activities in night shifts, Supporting SIT phase, Co-ordinating with onsite counterparts in development phase.

Project name: IBM HRMS – Operations

Client: IBM | Apr 2021 – Present

Human Resource Management System (HRMS) is IBM's strategic application for managing HR business processes available in selected countries. As an ABAP Developer, my contributions are Configuring and customizing SAP HR modules like Payroll, Personnel Administration, Organizational Management, Benefits and Time Management, Developing and Enhancing reports for Reconciliation, Modifying Payroll function as per user requirement.

Certifications

- **Introduction to AI** –Simplilearn
- **Python 101 for Data Science** –Simplilearn
- **Deep Learning with Keras and Tensorflow** –Simplilearn
- **Deep Learning using TensorFlow** – IBM

Languages

Tamil – Native or Bilingual Proficiency
English – Full Professional Proficiency
Telugu – Native Proficiency

Hobbies

- Reading Books
- Gardening
- Personal Finance
